

Overview of Athabasca Oil Corporation

Athabasca Oil Corporation (“AOC”) is a unique liquids-weighted intermediate producer. At AOC, we proudly and responsibly produce Canadian energy to improve people’s lives. We are passionate, take ownership of our work, get things done and are great at what we do.

The company has a predictable low decline thermal business with >1 billion barrels of top quartile reserves and low sustaining capital requirements. Athabasca also has a de-risked light oil business in the Montney and Duvernay with peer leading netbacks and a large inventory of development locations.

AOC has positioned itself with strong financial capacity of over \$300 million (mostly cash) and no debt maturities until 2026. The corporate strategy is to generate significant free cash and provide superior returns to shareholders. The company is on track to be debt-free by 2023, putting it in an enviable position relative to its peers. Sustainability is core to the business with strong governance and a commitment to reducing emissions through its technology roadmap.

Athabasca has a track record of transformative projects including JV’s, M&A, royalties and unique marketing arrangements. AOC offers a dynamic and exciting work environment for the right candidate. AOC is publicly traded on the TSX under the symbol “ATH”.

Capital Accountant

We are currently recruiting for a Capital Accountant based in Calgary having direct responsibilities for the financial accounting, analysis and reporting of the capital programs for the Thermal Oil assets. This position will report to the Manager, Thermal Oil Finance.

Responsibilities

- Monthly preparation of accruals for capital expenditures
- Analyze and prepare a comprehensive analytical review of capital results, including explanations for variances from budgets and forecasts
- Preparation of monthly and quarterly reporting for business partners and senior leaders
- System administration (AFENexus) including AFE setup and AFE reviews
- Monthly booking of material transfers
- Inventory monitoring for chemicals and equipment
- Account reconciliations
- Special projects as requested

Qualifications

- 5 - 10 years capital accounting experience
- Ability to analyze and problem solve
- High proficiency with Microsoft Office Excel, Qbyte, Wellview, Siteview and AFENexus would be an asset
- A self-starter with strong communication and interpersonal skills
- Ability to foster a cooperative, results oriented work environment with a mindset for continuous improvement
- Must be legally entitled to work in Canada
